25 YEARS OF THE BOLOGNA PROCESS

IN SLOVAKIA

09.09.2024 MONDAY

OPENING SPEECHES

13:00 – 14:00 JOZEF RISTVEJ (UNIZA)
JODY HOEKSTRA-SELTEN (EAIE)
MILAN DADO (SRK)

PANEL DISCUSSION

14:00 – 15:00 MICHAL FEDÁK (SAIA)
PETER ONDREIČKA (MŠVVAM SR)
MÁRIO LELOVSKÝ (RÚZ, DIGITÁLNA KOALÍCIA)
ROBERT REDHAMMER (SAAVŠ)

PARALLEL DISCUSSIONS

15:30 – 17:00 INTERNATIONALIZATION

The goal of the panel discussion is to present the strategic significance and practical steps for implementing internationalization elements into processes at higher education institutions. Participants will have the opportunity to discuss best practices, effective collaboration models, and policy frameworks that can enhance the global reach and impact of universities. Topics will include policies, challenges and changes, mobility –such as mobility windows, and more.

ANNIVERSARY OF THE BOLOGNA PROCESS

The panel discussion will focus on the state of implementation and the impact of the Bologna Process in the Slovak higher education space, as well as new visions and policies related to it. Through presentations of best practices and discussions, participants will learn how to effectively align their institutional policies and practices with Bologna standards to enhance the quality of education, international recognition, and student outcomes.

10.09.2024 TUESDAY

PARALLEL DISCUSSIONS

11:00 – 12:30 QUALITY OF HIGHER EDUCATION

The goal of the panel discussion is to comprehensively address the mechanisms for ensuring and enhancing the quality of education at Slovak universities, with a focus not only on the accreditation process. Participants will learn about national and international accreditation standards, best practices for continuous improvement, and gain an overview of effective strategies to meet accreditation requirements and support excellence in higher education.

DIGITAL TRANSFORMATION

The panel discussion will address the critical aspects of digitalizing universities in Slovakia, focusing on the integration of digital technologies to improve teaching, learning, and administrative processes. Participants will learn about digital tools and platforms, strategies for developing digital literacy among educators and students, and successful digitalization initiatives in higher education.
